To purchase and download these additional stamp sets and DSP images into My Digital Studio:

1. Open OEX and a Demonstrator Order
2. Type in the codes of the download items you want to purchase (You'll want them all !! They are great!)
3. You can then add to your order if you wish
4. Finalize/pay for order just as you would normally
5. Receive order confirmation email as normal
6. Open OEX and click on Digital Download

8. Be sure to select MAC or Windows at the top
9. Then click either For **My Digital Studio** (if you bought the \$79 program and want the download to automatically go into your MDS program) or select **For Other Application** if you did not buy the \$79 program and want to use the graphics in other programs instead.
10. Follow the steps and when asked **CLICK RUN** when given the option. Keep clicking Next when prompted and then start the process all over again for each download that you purchased.
11. When you have downloaded them all, open MDS (close it and reopen if you have it open already) and then you should see the stamp sets in the stamp set list and the paper in the background paper list!!
12. Whoohooo – you did it!

If you have questions, refer to pages 10, 11 and 12 in the MDS User Guide.
